

## CONTENTS

### THE JOURNAL OF ARACHNOLOGY

VOLUME 12

SPRING 1984

NUMBER 1

#### Feature Articles

- Comparative review of the methods used to determine the number of molts to maturity in scorpions (Arachnida), with analysis of the post-birth development of *Vaejovis coahuilae* Williams (Vaejovidae),  
*Oscar F. Francke* and *W. David Sissom* . . . . . 1
- A theory on the origin of spiders and the primitive function of spider silk,  
*Arthur E. Decae* . . . . . 21
- Observations on growth and diet of *Argiope aurantia* Lucas (Araneidae) in a successional habitat, *Fred C. Howell* and *R. D. Ellender* . . . . . 29
- The courtship of *Frontinella pyramitela* (Araneae, Linyphiidae): Patterns, vibrations and functions, *Robert B. Suter* and *Gregg Renkes* . . . . . 37
- Descrição de uma espécie nova de *Tityus* coletada no Estado da Bahia, Brasil (Scorpiones, Buthidae), *Wilson R. Lourenço* and *Vera R. D. von Eickstedt* . . . . . 55
- Troglobochica*, a new genus from caves in Jamaica, and redescription of the genus *Bochica* Chamberlin (Pseudoscorpionida, Bochicidae), *William B. Muchmore* . . . . . 61
- Observations on the chemical composition of the web of *Nephila clavipes* (Araneae, Araneidae), *Edward K. Tillinghast* and *Terry Christenson* . . . . . 69
- Aspects of the biology and ecology of *Diguetia mojavea* Gertsch (Araneae, Diguetidae), *Gregg S. Nuessly* and *Richard D. Goeden* . . . . . 75
- Life history of *Clubiona robusta* L. Koch and related species (Araneae, Clubionidae) in South Australia, *A. D. Austin* . . . . . 87
- Comparison of carapace features in the family Uloboridae (Araneae),  
*Brent D. Opell* . . . . . 105

#### Research Notes

- A new species of *Arctosa* from Guerrero, Mexico (Araneae, Lycosidae), *Maria Luisa Jimenez* and *Charles D. Dondale* . . . . . 115
- Note on a clubionid spider associated with attine ants, *Harold G. Fowler* . . . . . 117
- Homonyms of American and European *Leiobunum* (Opiliones, Palpatores, Leiobuninae), *James C. Cokendolpher* . . . . . 118

#### Others

- Grants-in-Aid for Research . . . . . 120
