

CONTENTS

The Journal of Arachnology

Volume 28	Feature Articles	Number 1
	The Family Gallieniellidae (Araneae, Gnaphosoidea) in the Americas by Pablo A. Goloboff	1
	Descriptions and Notes on the Genus <i>Paradossenus</i> in the Neotropical Region (Araneae, Trechaleidae) by Antonio D. Brescovit, Josué Raizer & Maria Engênia C. Amaral	7
	Optical Structure of the Crab Spider <i>Misumenops pallens</i> (Araneae, Thomisidae) by José Antonio Corronca & Héctor R. Terán	16
	Male Dimorphism in <i>Oedothorax gibbosus</i> (Araneae, Linyphiidae): A Morphometric Analysis by Stefan Heinemann & Gabriele Uhl	23
	Male Palpal Bulbs and Homologous Features in Theraphosinae (Araneae, Theraphosidae) by Rogério Bertani	29
	Exploring Functional Associations Between Spider Cribella and Calamistra by Brent D. Opell, Jamel S. Sandidge & Jason E. Bond	43
	Characterization of Lipoproteins Isolated from the Hemolymph of the Spider <i>Latrodectus mirabilis</i> (Araneae, Theridiidae) by Mónica Cunningham, Alda González & Ricardo Pollero	49
	Diet-Induced and Morphological Color Changes in Juvenile Crab Spiders (Araneae, Thomisidae) by Victoria R. Schmalhofer	56
	Costs and Benefits of Foraging Associated with Delayed Dispersal in the Spider <i>Anelosimus studiosus</i> (Araneae, Theridiidae) by Thomas C. Jones & Patricia G. Parker	61
	Resource Partitioning of Spider Hosts (Arachnida, Araneae) by Two Mantispid Species (Neuroptera, Mantispidae) in an Illinois Woodland by Kurt E. Redborg & Annemarie H. Redborg	70
	Effects of Fertilizer Addition and Debris Removal on Leaf-Litter Spider Communities at Two Elevations by Angel J. Vargas	79
	A Twenty-Year Comparison of Epigeic Spider Communities (Araneae) of Danish Coastal Heath Habitats by Peter Gajdoš & Søren Toft	90
	Habitat Distribution, Life History and Behavior of <i>Tetragnatha</i> Spider Species in the Great Smoky Mountains National Park by Marie Aiken & Frederick A. Coyle	97
	Spider Biodiversity in Connection with the Vegetation Structure and the Foliage Orientation of Hedges by Frédéric Ysnel & Alain Canard	107
	Effect of River Flow Manipulation on Wolf Spider Assemblages at Three Desert Riparian Sites by Erik J. Wenninger & William F. Fagan	115
	Research Notes	
	Extended Nest Residence and Cannibalism in a Jumping Spider (Araneae, Salticidae) by Jane H. Rienks	123
	Egg Sacs of <i>Pityphantes phrygianus</i> Are Not Affected by Acid Rain by Bengt Gunnarsson	128
	Which Spermatheca Is Inseminated by Each Palp in Theraphosidae Spiders?: A Study of <i>Oligoxystre argentinensis</i> (Ischnocolinae) by Fernando G. Costa, Fernando Pérez-Miles & Sylvia Corte	131
