The Journal of Arachnology

Volume 28	Feature Articles	Number 2
Description of the male of <i>Sosippus placidus</i> , with notes on the subfamily Sosippinae (Araneae, Lycosidae) by Petra Sierwald		133
<i>Iracema cabocla</i> new genus and species of a theraphosid spider from Amazonic Brazil (Araneae, Theraphosidae) by Fernando Pérez-Miles		141
Respiratory system morphology and the phylogeny of haplogyne spiders (Araneae, Araneomorphae) by Martín J. Ramírez		149
Effects of climate and prey availability on foraging in a social spider, <i>Stegodyphus mimosarum</i> (Araneae, Eresidae) by T.E. Crouch & Y. Lubin		158
The impact of habitat features on web features and prey capture of <i>Argiope aurantia</i> (Araneae, Araneidae) by C. Neal McReynolds		169
Evaluation of formulae to estimate the capture area and mesh height of orb webs (Araneoidea, Araneae) by Marie Elisabeth Herberstein & I-Min Tso		180
Population structure, seasonality, and habitat use by the green lynx spider <i>Peucetia viridans</i> (Oxyopidae) inhabiting <i>Cnidoscopus aconitifolius</i> (Euphorbiaceae) by Angélica M. Arango, Victor Rico-Gray & Victor Parra-Tabla		185
Food consumption rates and competition in a communally feeding social spider, <i>Stegodyphus dumicola</i> (Eresidae) by Nava Amir, Mary E.A. Whitehouse & Yael Lubin		195
Predator avoidance on the water surface? Kinematics and efficacy of vertical jumping by <i>Dolomedes</i> (Araneae, Pisauridae) by Robert B. Suter & Jessica Gruenwald		201
Predatory interactions between mud-dauber wasps (Hymenoptera, Sphecidae) and <i>Argiope</i> (Araneae, Araneidae) in captivity by Todd A. Blackledge & Kurt M. Pickett		211
Spiders in rocky habitats in central Bohemia by Vlastimil Růžička		217
Research Notes		
Anyphaenidae in Miocene Dominican Republic amber (Arachnida, Araneae) by David Penney		223
<i>Eremopus acuitlapanensis</i> , a new species (Solifugae, Eremobatidae, Eremobatinae) from Guerrero, México by Ignacio M. Vázquez & Rafael Gaviño-Rojas ..		227
External morphology and ultrastructure of the prehensile region of the legs of <i>Leiobunum nigripes</i> (Arachnida, Opiliones) by Cary Guffey, Victor R. Townsend, Jr. & Bruce E. Felgenhauer		231
A comparative study of sexual behavior in two symorphic species of the genus <i>Lycosa</i> (Araneae, Lycosidae) and their hybrid progeny by Fernando G. Costa, Carmen Viera & Gabriel Francescoli		237
Estimating foraging intake: A comment on Tso and Severinghaus (1998) by G.S. Oxford		241
A test of pollen feeding by a linyphiid spider by James E. Carrel, Heather K. Burgess & Dennis M. Shoemaker		243
Comparison of the fertility between <i>Loxosceles intermedia</i> and <i>Loxosceles laeta</i> spiders (Araneae, Sicariidae) by Rute Maria Gonçalves de Andrade, Wilson R. Lourenço & Denise Vilarinho Tambourgi		245
Group dispersal in juvenile <i>Brachypelma vagans</i> (Araneae, Theraphosidae) by Steven B. Reichling		248
Hunting and feeding behavior of one <i>Heteropoda</i> species in lowland rainforest on Borneo (Araneae, Sparassidae) by Satie Airamé & Petra Sierwald		251
Other		
<i>Lycosids In China</i> (by C.M. Yin, X.J. Peng, L.P. Xie, Y.H. Bao & J.F. Wang) reviewed by Torbjörn Kronestedt & Yuri M. Marusik		254
Arachnological Research Fund		256
