Number 2

Reproductive behavior of <i>Chavesincola inexpectabilis</i> (Opiliones, Gonyleptidae) with description of a new and independently evolved case of paternal care in harvestmen by Tais M. Nazareth & Glauco Machado	127
Reversed cannibalism, foraging, and surface activities of <i>Allocosa alticeps</i> and <i>Allocosa brasiliensis</i> : two wolf spiders from coastal sand dunes by Anita Aisenberg, Macarena González, Álvaro Laborda, Rodrigo Postiglioni & Miguel Simó	135
Phenology of Opiliones on an altitudinal gradient on Lefka Ori Mountains, Crete, Greece by Maria Chatzaki, Petros Lymberakis, Plamen Mitov & Moysis Mylonas	139
The chemical defenses of a stylocellid (Arachnida, Opiliones, Stylocellidae) from Sulawesi with comparisons to other Cyphophthalmi by Tappey H. Jones, William A. Shear & Gonzalo Giribet	147
Natural history of coastal Peruvian solifuges with a redescription of <i>Chinchippus peruvianus</i> and an additional new species (Arachnida, Solifugae, Ammotrechidae) by Alessandro Catenazzi, Jack O. Brookhart & Paula E. Cushing	151
Estimating biomass of Neotropical spiders and other arachnids (Araneae, Opiliones, Pseudoscorpiones, Ricinulei) by mass-length regressions by Hubert Höfer & Ricardo Ott	160
Two new species of the spider genus <i>Ochyrocera</i> (Araneae, Ochyroceratidae) from Mexico by Alejandro Valdez-Mondragón	170
Two new species of the genus <i>Diplothele</i> (Araneae, Barychelidae) from Orissa, India with notes on <i>D. walshi</i> by Manju Siliwal, Sanjay Molur & Robert Raven	178
A review of the pirate spiders of Tasmania (Arachnida, Mimetidae, <i>Australommetus</i>) with description of a new species by Danilo Harms & Mark S. Harvey	188
Redescription of <i>Rhopalurus abudi</i> (Scorpiones, Buthidae), with first description of the male and first record from mainland Hispaniola by Lorenzo Prendini, Lauren A. Esposito, Jeremy C. Huff & Erich S. Volschenk	206
Wolf spiders of the Pacific region: the genus <i>Zoica</i> (Araneae, Lycosidae) by Volker W. Framenau, James W. Berry & Joseph A. Beatty	225
Plant nectar increases survival, molting, and foraging in two foliage wandering spiders by Robin M. Taylor & Richard A. Bradley	232
Short Communications	
<i>Caddo agilis</i> and <i>C. pepperella</i> (Opiliones, Caddidae) diverged phylogenetically before acquiring their disjunct, sympatric distributions in Japan and North America by Jeffrey W. Shultz & Jerome C. Regier	238
New spider host associations for three acrocerid fly species (Diptera, Acroceridae) by Maxim Larrivée & Christopher J. Borkent	241
Description of <i>Toca</i> , a new neotropical spider genus (Araneae, Ctenidae, Calocteninae) by Daniele Polotow & Antonio D. Brescovit	243
