

CONTENTS

The Journal of Arachnology

Volume 30	Feature Articles	Number 1
	<i>Stylocellus ramblae</i> , a new stylocellid (Opiliones, Cyphophthalmi) from Singapore, with a discussion of the Family Stylocellidae by Gonzalo Giribet	1
	How spider anatomy and thread configuration shape the stickiness of cribellar prey capture threads by Brent D. Opell	10
	Body condition and mate choice in <i>Tetragnatha elongata</i> (Araneae, Tetragnathidae) by Anne Danielson-François, Christine A. Fetterer & Peter B. Smallwood	20
	Population dynamics of two species of kleptoparasitic spiders under different host availabilities by Tadashi Miyashita	31
	Lack of task differentiation during prey capture in the group living spider <i>Stegodyphus mimosarum</i> (Araneae, Eresidae) by Cheron Ainsworth, Rob Slotow, Tanza Crouch & Yael Lubin	39
	Cytogenetic heterogeneity in common haplogyne spiders from Argentina (Arachnida, Araneae) by Sergio Gustavo Rodriguez Gil, Liliana María Mola, Alba Graciela Papeschi & Cristina Luisa Scioscia	47
	Validation of a simple method for monitoring aerial activity of spiders by Pernille Thorbeck, Chris J. Topping & Keith D. Sunderland	57
	A test for reproductive separation of alternative generations in a biennial spider, <i>Araneus diadematus</i> (Araneae, Araneidae) by Jes Johannesen & Søren Toft	65
	Estimation of capture areas of spider orb webs in relation to asymmetry by Todd A. Blackledge & Rosemary G. Gillespie	70
	<i>Acrographinotus mitmaj</i> , a new harvestman species from central Peru (Opiliones, Gonyleptidae, Pachylinae) by Luis Eduardo Acosta	78
	New species of Eremobatidae (Arachnida, Solifugae) from North America by Jack O. Brookhart & Paula E. Cushing	84
	<i>Orobottirus atiquipa</i> , a new bothriurid species (Scorpiones) from Lomas in southern Peru by José Antonio Ochoa & Luis Eduardo Acosta	98
	Redescription of <i>Metacleobis fulvipes</i> Roewer from Brazil (Solifugae, Mummucidae) by Lincoln Suesdek Rocha & Eliana Marques Canello	104
	A cladistic analysis of the cyphophthalmid genera (Opiliones, Cyphophthalmi) by Gonzalo Giribet & Sarah L. Boyer	110
	The African spider genus <i>Singafrotypa</i> (Araneae, Araneidae) by Matjaž Kuntner & Gustavo Hormiga	129
	The copulatory organs of the cryptic species <i>Lycosa carbonelli</i> and their hybrid progeny, with notes on their taxonomy (Araneae, Lycosidae) by Miguel Simó, Rosina Seguí & Fernando Pérez-Miles	140
	Adult size of eight hunting spider species in central Amazonia: temporal variations and sexual dimorphisms by Thierry Ray Gasnier, Clarissa Salette de Azevedo, Martha Patricia Torres-Sanchez & Hubert Höfer	146
	Chemosensory response to prey in <i>Phiddipus audax</i> (Araneae, Salticidae) and <i>Pardosa milvina</i> (Araneae, Lycosidae) by Chad D. Hoefler, May Taylor & Elizabeth M. Jakob	155
	Hawaiian spiders of the genus <i>Tetragnatha</i> : IV new, small species in the spiny leg clade by Rosemary G. Gillespie	159
	Short Communications	
	A new species of <i>Pseudotrogulus</i> Roewer and assignment of the genus to Hernandariinae (Opiliones, Gonyleptidae) by Carlos Leandro Firmo & Ricardo Pint-da-Rocha	173
	Notes on the foraging behavior of the Brazilian cave harvestman <i>Goniosoma spelaeum</i> (Opiliones, Gonyleptidae) by Flávio H. Santos & Pedro Gnaspini	177
