## Journal of Arachnology

Volume 39

Number 3

### Feature Articles

- Four new species of the genus *Pseudocellus* (Arachnida: Ricinulei: Ricinoididae) from Mexico  
by **Alejandro Valdez-Mondragón & Oscar F. Francke** ..... 365
- Evidence that olfaction-based affinity for particular plant species is a special characteristic of *Evarcha culicivora*, a mosquito-specialist jumping spider by **Ximena J. Nelson & Robert R. Jackson** ..... 378
- Eresus kollari* (Araneae: Eresidae) calls for heathland management by **Rolf Harald Krause, Jörn Buse, Andrea Matern, Boris Schröder, Werner Härdtle & Thorsten Assmann** ..... 384
- Vertical distribution of spiders in soil by **Vratislav Laška, Oldřich Kopecký, Vlastimil Růžicka, Jan Mikula, Adam Véle, Bořivoj Šarapatka & Ivan H. Tuf** ..... 393
- Developmental response to low diets by giant *Nephila clavipes* females (Araneae: Nephilidae) by **Linden Higgins & Charles Goodnight** ..... 399
- Description of a new *Eukoenia* (Palpigradi: Eukoeneniidae) and *Metagonia* (Araneae: Pholcidae) from Brazilian caves, with notes on their ecological interactions by **Rodrigo Lopes Ferreira, Maysa Fernanda V. R. Souza, Ewerton Ortiz Machado & Antonio Domingos Brescovit** ..... 409
- Morphological analysis of montane scorpions of the genus *Vaejovis* (Scorpiones: Vaejovidae) in Arizona with revised diagnoses and description of a new species by **Garrett Brady Hughes** ..... 420
- Olfaction-based mate-odor identification by jumping spiders from the genus *Portia* by **Robert R. Jackson & Fiona R. Cross** ..... 439
- Male mate choice in *Allocosa alticeps* (Araneae: Lycosidae), a sand-dwelling spider with sex role reversal by **Anita Aisenberg & Macarena González** ..... 444
- Chemical prey cues influence the urban microhabitat preferences of Western black widow spiders, *Latrodectus hesperus* by **Amanda Johnson, Orenda Revis & J. Chadwick Johnson** ..... 449
- Taxonomy of the *Leiobunum calcar* species-group (Opiliones: Sclerosomatidae: Leiobuninae) by **Elizabeth A. Ingianni, Charles R. McGhee & Jeffrey W. Shultz** ..... 454
- New species and new records of jumping spiders (Araneae: Salticidae: Heliophaninae) from the Lake Victoria area by **Wanda Wesolowska** ..... 482
- Cytogenetic studies on five species of spiders from Turkey (Araneae: Gnaphosidae, Lycosidae) by **Zübeyde Kumbıçak, Serap Ergene, Ayla Karataş & Ümit Kumbıçak** ..... 490

### Short Communications

- Egg hiding in four harvestman species from Uruguay (Opiliones: Gonyleptidae) by **Estefanía Stanley** ..... 495
- Paternal care in a Neotropical harvestman (Opiliones: Cosmetidae) from Costa Rica by **Daniel N. Proud, Carlos Viquez & Victor R. Townsend, Jr.** ..... 497
- First record of paternal care in the family Stygnidae (Opiliones: Laniatores) by **Oswaldo Villarreal Manzanilla & Glauco Machado** ..... 500
- Aggregations of *Sphodros rufipes* (Araneae: Atypidae) in an urban forest by **Steven B. Reichling, Christopher Baker & Christina Swartzell** ..... 503
- Bringing spiders to the multilocus era: novel anonymous nuclear markers for *Harpactocrates* ground-dwelling spiders (Araneae: Dysderidae) with application to related genera by **Leticia Bidegaray-Batista, Rosemary G. Gillespie & Miquel A. Arnedo** ..... 506
- Nesticus eremita* (Araneae: Nesticidae), redescription of a potentially invasive European spider found in New Zealand by **Cor J. Vink & Nadine Dupérré** ..... 511
- Distribution of *Brachypelma vagans* (Theraphosidae) burrows and their characteristics in Belize over two years by **Emma M. Shaw, Susan P. Bennett & C. Philip Wheeler** ..... 515
- Function of the upper tangle in webs of young *Leucauge argyra* (Araneae: Tetragnathidae) by **Emilia Triana-Cambronero, Gilbert Barrantes, Erica Cuyckens & Andrés Camacho** ..... 519
- The genus *Plesiophrictus* Pocock and revalidation of *Heterophrictus* Pocock (Araneae: Theraphosidae) by **José Paulo Leite Guadanucci** ..... 523
- On the *Avicularia* (Araneae: Theraphosidae: Aviculariinae) species from Uruguay by **Caroline Sayuri Fukushima, Fernando Pérez-Miles & Rogério Bertani** ..... 528
- Sexual behavior of *Acanthogonatus centralis* (Araneae: Mygalomorphae: Nemesiidae) from Argentina, with some notes on their burrows by **Nelson Ferretti, Gabriel Pompozzi & Fernando Pérez-Miles** ..... 533
- The composition of spider assemblages varies along reproductive and architectural gradients in the shrub *Byrsonima intermedia* (Malpighiaceae) by **Augusto Cesar de Aquino Ribas, Antonio Domingos Brescovit & Josué Raizer** ..... 537

Instructions to Authors ..... 541–542
