CONTENTS
Volume 42  Number 3

Featured Articles

Troglomorphic pseudoscorpions (Arachnida: Pseudoscorpiones) of northern Arizona, with the description of two new short-range endemic species
by Mark S. Harvey & J. Judson Wynne .......................................................... 205

A new genus and a new species of scorpion (Scorpiones: Buthidae) from southeastern Mexico
by Oscar F. Francke, Rolando Teruel & Carlos Eduardo Santibáñez-López .................................................. 220

Description of Sawsa hastoni (Gravely 1915) (Arachnida: Amblypygi: Charinidae) and a new case of parthenogenesis in Amblypygi from Singapore
by Michael Seiter & Jonas Wolff ........................................................................ 233

The new spider genus Arctenus, an afrotropical representative of the Calocteniinae (Araneae: Ctenidae)
by Daniele Polotow & Rudy Jacqué ................................................................ 240

Chemical defenses in the opilionid infraorder Insidiatores: divergence in chemical defenses between Triaenonychidae and Travunioidea and within travunioid harvestmen (Opiliones) from eastern and western North America

Species differences and geographic variation in the communal roosting behavior of Priotremexinae harvestmen in Central American rainforests

From spiderling to senescence: ontogeny of color in the jumping spider, Habronattus pyriformis
by Lisa A. Taylor, David L. Clark & Kevin J. McGraw ........................................ 268

Scavenging throughout the life cycle of the jumping spider, Philidippus audax (Hentz) (Araneae: Salticidae)
by Michael E. Vickers, Marianne W. Robertson, Casey R. Watson & Travis E. Wilcoxen ........................................ 277

Removal of genital plugs and insemination by males with normal and experimentally modified palps in Leucauge mariana (Araneae: Tetragnathidae)
by Vivian Méndez & William G. Eberhard .......................................................... 284

Burrow structure and microhabitat characteristics of Nesiergus inulans (Araneae: Theraphosidae) from Frégate Island, Seychelles
by Gregory Caning, Brian K. Reilly & Anise S. Dippenaar-Schoeman ....................... 293

Thermal preference of Dysderidae crocata C. L. Koch 1838 (Araneae: Dysderidae)
by Rita Sepúlveda, Andre Taucare-Rios, Claudio Veloso & Mauricio Canals ......................................................... 299

Natural history of Phoneutria boliviensis (Araneae: Ctenidae): habitats, reproductive behavior, postembryonic development and prey-wrapping
by Nicholas A. Hazzi ......................................................................................... 303

Short Communications

The mechanism behind plasticity of web-building behavior in an orb spider facing spatial constraints
by Thomas Hesselberg ...................................................................................... 311

Development of novel microsatellite markers for the spider genus Loxosceles (Sicariidae) using next-generation sequencing
by Enric Planas, Laia Bernaus & Carles Ribera ................................................. 315

Pre-ballooning of Ummidia Thorell 1875 (Araneae: Ctenidae) from the Interior Highlands, USA: second account from the region and review of mygalomorph ballooning
by J. Ray Fisher, Danielle M. Fisher, Michael J. Skvartia & Ashley P. G. Dowling ......................................................... 318

Instructions to Authors .................................................................................... 322
THE JOURNAL OF ARACHNOLOGY

EDITOR-IN-CHIEF: Robert B. Suter, Vassar College

MANAGING EDITOR: Richard S. Vetter, University of California–Riverside

SUBJECT EDITORS: Ecology—Stano Pekár, Masaryk University, Czech Republic; Systematics—Mark Harvey, Western Australian Museum and Jason Bond, Auburn University; Behavior—Elizabeth Jakob, University of Massachusetts Amherst, Morphology and Physiology—Peter Michalik, Ernst Moritz Arndt University Greifswald, Germany

EDITORIAL BOARD: Alan Cady, Miami University (Ohio); Jonathan Coddington, Smithsonian Institution; William Eberhard, Universidad de Costa Rica; Rosemary Gillespie, University of California, Berkeley; Charles Griswold, California Academy of Sciences; Marshal Hedin, San Diego State University; Marie Herberstein, Macquarie University; Yael Lubin, Ben-Gurion University of the Negev; Brent Opell, Virginia Polytechnic Institute & State University; Ann Rypstra, Miami University (Ohio); William Shear, Hampden-Sydney College; Jeffrey Shultz, University of Maryland; Petra Sierwald, Field Museum; Søren Toft, Aarhus University; I-Min Tso, Tunghai University (Taiwan).

The Journal of Arachnology (ISSN 0161-8202), a publication devoted to the study of Arachnida, is published three times each year by The American Arachnological Society. Memberships (yearly): Membership is open to all those interested in Arachnida. Subscriptions to The Journal of Arachnology and American Arachnology (the newsletter), and annual meeting notices, are included with membership in the Society. Regular, $55; Students, $30; Institutional, $125. Inquiries should be directed to the Membership Secretary (see below). Back Issues: James Carrel, 209 Tucker Hall, Missouri University, Columbia, Missouri 65211-7400 USA. Telephone: (573) 882-3037. Undelivered Issues: Allen Press, Inc., 810 E. 10th Street, P.O. Box 368, Lawrence, Kansas 66044 USA.

THE AMERICAN ARACHNOLOGICAL SOCIETY

PRESIDENT-ELECT: Marshal Hedin (2013–2015), San Diego State University, San Diego, California, USA.
MEMBERSHIP SECRETARY: Jeffrey W. Shultz (appointed), Department of Entomology, University of Maryland, College Park, Maryland, USA.
TREASURER: Karen Cangialosi, Department of Biology, Keene State College, Keene, New Hampshire, USA.
SECRETARY: Paula Cushing, Denver Museum of Nature and Science, Denver, Colorado, USA.
ARCHIVIST: Lenny Vincent, Fullerton College, Fullerton, California, USA.
PUBLIANTARIAN: Brent Opell (appointed)

Cover photo: An adult male jumping spider, Habronattus pyrrithrix (Salticidae), displaying characteristic green forelegs, white pedipalps and red face during courtship (see page 268). Photo by Colin Hutton.
