Ctenus igatu sp. nov. (Araneae: Ctenidae): a new subterranean spider from Brazil with an analysis of troglomorphic traits
by Igor Cizauskas, Daniele Polotow, Jonas E. Gallão, Maria E. Bichuette & Antonio D. Brescovit

Unveiled chromosomal diversity in the Araneidae (Araneomorphae): the highest diploid number among entelegynes and the first record of the X1X2X3X4 Sex Chromosome System in the family

Short Communication: Observations of dispersal in the brown recluse spider, Loxosceles reclusa (Araneae: Sicariidae)
by Kenneth L. Cramer & Daniel S. Evers
